Reservations Are Now Open!

We have begun taking reservations for the 2019 big game seasons. Call me at 720-300-9400 to reserve your spots for the 2019 big game seasons.

I want your feedback as soon as possible. I will work to get everyone confirmed and scheduled for all of our hunts no later than **April 1**. The time to plan your hunts for next year is now!

Please call me to discuss your choices and questions. If there is something you are looking for that's not on the list, please let me know what you are interested in. I will be evaluating several new options over the next few months. If I have a good idea of what you are looking for, I will keep you in mind for anything that comes up.

The sooner I can get your choices and understand the demand, the easier it will be for me to select new properties to lease for next year. You can change them as new properties come available if you'd like.

If you are interested in a hunt that requires preference points to draw, please let me know how many points you have. Members who have the necessary preference points to guarantee the drawing of a tag will be given priority over members who have only a chance of drawing a tag.

Guests will be allowed, but members take priority over guests! Hunt fees for guests will be higher than the fees listed for our members.

The best effort will be made to match groups with the right size property to fit the number of hunters.

Please be aware that when we match hunters to properties, we prioritize requests from buck and bull hunters over requests from doe and cow hunters. Hunters who are after a trophy buck or bull pay considerably higher rates than hunters who are after does or cows for the freezer, and those higher fees provide the funds that make our leasing operation possible.

That doesn't mean that we don't have plenty of opportunity for economical doe/cow hunts.

2019 Forecast

We are in great shape for 2018, with plenty of **deer**, **elk** and **antelope** hunting available. I have also negotiated some nice deals with some outfitters for doe and cow hunts.

It is very important that you apply in time and get your tag in the draws this year. We will not be getting any land owner vouchers. Everybody should be putting in for points.

Payments

To reserve a spot on the ranch of your choice, A 100.00 payment per hunt will be required at the time of booking. Full payment required when you receive your tag in June, **Choosing to not hunt is not a reason for nonpayment, you reserved it, and its your spot, payment due.**

If you do not draw the tag you were expecting to draw for the reservation you have made, 100% of your payment will be refunded.

Applying for Licenses

Colorado license applications are due on April 2nd. Apply online at <http://wildlife.state.co.us/ShopDOW/AppsAndLicenses/>.

Every one of us should be Applying for points, a lot of ranches call me that I can not even consider due to lack of points in the club we wont use them and it would be a waste of money.

Rocky Mountain Ranches, Ltd. is hosting a free youth hunt for COS members in the high desert of unit 301 near Craig, Co. This 3200 acre private property is located in a migratory route and the hunt dates of Dec. 4-8, 2019 should be an excellent time to optimize elk concentrations. There will be a mandatory ranch tour on Dec. 3 at 11:am in Craig. This hunt is offered free for youth hunters or parents/mentors can also hunt for an additional \$700 per person (prices do not include the cost of your hunting license). Youth are very likely to draw on 0 points but adults will need 1-2 points to draw. Contact Joe at (970) 439-1894 or info@RockyMountainHunting.com with questions or to book this hunt. RMR will provide a detailed instructional email and hunt codes for you to apply online. Shot distances in this open terrain can be farther, so we expect all hunters to practice and be proficient at hitting an 8" target at 200-250 yards.

We will also be bringing the NE ranch on board, the land owner is greedy so it will be a little bit pricier than were accustom to, the good news it is a very quality property, especially for bow hunters.

I look forward to hunting with any and all of ya.
